

# NZ CHAMPS 2019 - TEAM INFORMATION

## **HORNCastle ARENA – Map Attached**

**Loading Dock** – there is a changing space sectioned off for the grade that is about to start or currently marching. Please remove your gear from changing rooms after you march to allow room for the next teams. If you are wanting a changing room and your grade isn't close to starting then you will find extra changing rooms at top of stairs 1 & 4. Yes these are marked Male & Female but for the event only teams can use these for changing so if you have male officials or marchers we ask that they use toilets on concourse. All changing spaces will have a trestle table set up in them. When you come off from Display the photographer will also be set up in a space in the loading dock.

**Changing rooms 1, 2, 3 & 4** - are for the grade that is about to start or currently on. If you are wanting a changing room and your grade isn't close to starting then you will find extra changing rooms at top of stairs 1 & 4. Yes these are marked Male & Female but for the event only teams can use these for changing so if you have male officials or marchers we ask that they use toilets on concourse. **Holding** – this room is for the team that is about to go out to Review. You can only enter this room when the team before has left. Please respect this rule. There will be two trestle tables and some seating in this room other than that it is an empty room to line up in and do any last minute things you need to do. Please do not leave any gear in here as once you have stepped out for Review you can not reenter this room. There is a doorway you will use to enter the arena – this is just a normal size doorway so you will need to be in single file.
