

TECHNICAL DRILL JUDGE D

The Technical Drill Judge D will judge the Leader and Team members throughout the Technical Drills Movements phase for all aspects of Dressing, Covering, Spacing, Position and Formation Completion both between and during the movements of each grade. **Additionally, this judge will record the number of marchers**, verify the correct positioning of marchers, mark the score sheet accordingly, and notify the Chief Judge of any non-compliance. **The criteria defining all these aspects are detailed in the Policies & Operations Manual (Technical).**

Judging will commence for each member for the straight marching requirements on completion of the Quickstep phase after the step-out pace and on each occasion after the step-out pace has been taken by each member from a movement. In the case of the Quickstep phase not being performed at the beginning of the Quickstep/Compliments/Movements, the Judge will cease judging from the step out pace of the Quickstep and commence judging after the Quickstep has been completed.

Judging during a movement will commence after the whistle signal, and cease on the completion of the step out pace from each movement.

Judging will cease on the completion of the final halt.

Please refer to Section 12 of the General Requirements for judging details on Marking Score Sheets (Technical Judges).

Seated Position

Ground level, **1.00 metre back from the centre of the rear boundary line** (when looking from the front boundary).

General

1. All aspects executed by team members must be uniform, unless otherwise stated.
2. While observing the team member's performance, the number of incorrect aspects will be marked in the headings.

Score Sheet Headings

All aspects will be judged as per Section 2 Drills and Drills for Review & Inspection, Drills for Quickstep/Compliments/Movements in the Policy and Operations Manual (Technical).

Comments

The rear of the score sheet has a pre-printed comments section and judges are encouraged to complete the 'areas of improvement' section. This may assist both the Judge and the Coach during the post-contest interview.

While Coaches will still need to know what aspects require attention, positive comments are encouraged for drills executed correctly.
